

Sakai City Multicultural Room

Mix Smile

*Children with foreign roots,
Japanese children — Let's all have fun together!
Programs ① and ② are open to everyone, regardless of background!*

What is the Sakai Multicultural Room “Mix Smile” ?

We want all children—whether they have roots in another country or in Japan—to be able to be themselves. We hope they will learn about different cultures and customs, appreciate and respect one another's differences, and, above all, take pride in their own roots.

Our wish is to bring together the smiles of children from many different countries. With this hope in mind, we named the program “Mix Smile.”

Let's talk a lot at Mix Smile!

Let's play a lot at Mix Smile!

Let's make lots of connections at Mix Smile!

Let's share lots of smiles at Mix Smile!

We hold Mix Smile with the hope of spreading even more smiles among children. Mix Smile is held three times each school term, and we look forward to welcoming many participants.
